

**INQUIRY INTO WASTE AVOIDANCE AND RESOURCE
RECOVERY AMENDMENT (PLASTICS REDUCTION)
BILL 2021**

Name: Ms Liz Greig

Date Received: 2 May 2021

Please make sure you include the plastic dome lid used on takeaway drinks
When banning plastic products. The dome lid is turning up frequently in parks and foreshore areas. It is both litter and a danger to wildlife. It is also unnecessary and purely a cosmetic item for a cold drink. A cardboard or paper lid would do as well, and not cause harm as a wildlife trap. Please help to eliminate this unnecessary pollutant. Thank you. Liz Greig
