

**INQUIRY INTO WASTE AVOIDANCE AND RESOURCE
RECOVERY AMENDMENT (PLASTICS REDUCTION)
BILL 2021**

Name: Ms Ingrid Dusselberg

Date Received: 2 May 2021

These plastic domed lids, millions of them are so harmful for the environment, our wildlife, etc. The plastic is also not recyclable, although this does not help, as any plastic produced is here for ever! It needs to be made from fast compostable material!
