To the Parliament of N.S.W

Please stop killing such a intelligent beautiful animal and only one of it's kind. We as a country are doing what is not necessary. Governments of Australia it seems to think there is not enough room for some animals.

The complaints of a few are selfish as if they are the only living things on this earth.

Give a life a chance and stop thinking killing is the way to go.

Think again it's not hard only fair for all.

Sincerely,
