**INQUIRY INTO LONG TERM SUSTAINABILITY AND
FUTURE OF THE TIMBER AND FOREST PRODUCTS
INDUSTRY**

Name: Name suppressed
Date Received: 21 May 2021

Partially
Confidential

We are horrified at the lack of thought for the future and the acceleration of land clearing, the propping up of unwanted and climate changing COAL AND GAS, and the complete lack of regard for the very few areas left with any wildlife at all after the bushfires. We ourselves lost 250 acres of rainforest BURNT BY FOREST CORP ON A 40 DEGREE DAY IN JANUARY 2020! We have seen FIRST HAND the lack of wildlife, NOT ONE WALLABY LYREBIRD OR KOALA LEFT!

The bush is now quiet at night. We have no small birds.

To increased or extend logging or miming is unacceptable.

The loss of wildlife and the increase in temperatures, the lack of ground water, none of this is considered by this government, and we as Australians will not stand for unacceptable behaviour. You the government should stand FOR the people, not for your own gain.
