INQUIRY INTO ROAD TOLLING REGIMES

Name: Mr Jonathon Tong

Date Received: 14 May 2021

It's unfair that the nsw resident have to pay to use the road that we have to use to drive to work and home. We have already paid for the registration of the vehicle which cover the road use, why should we pay everytime we use certain motorways? Also the government has previously promised that we will not be charged for toll roads. Finally for tolls like the M5 going to airport, it's totally unjustified when they are expanding the roads, they are charging a fee for something that was free before.
