**INQUIRY INTO LONG TERM SUSTAINABILITY AND  
FUTURE OF THE TIMBER AND FOREST PRODUCTS  
INDUSTRY**

**Name:** Ms Jodie Nancarrow

**Date Received:** 25 May 2021

---

I live in the Coffs Coast hinterland, surrounded by the Bagawa State Forest. We have 180 acres which is a wildlife refuge. In the last 8 months we had 4 koala sightings on our property, as well as continuing Glossy Black Cockatoo sightings. We would like to be part of The Great Koala National Park. Our neighbours have logged a part of their property and caused habitat issues. We welcome any wildlife on to our place. The State Forest is conveniently used by 4x4 and motorbikes, not a great environment for native species. I would like to see a pause on any logging in our area, to reconsider any opportunities to make this area an environmental safe place for our native species.
