**INQUIRY INTO LONG TERM SUSTAINABILITY AND
FUTURE OF THE TIMBER AND FOREST PRODUCTS
INDUSTRY**

Name: Name suppressed
Date Received: 26 May 2021

Partially
Confidential

1. Immediate GIS review of remaining forest areas including privately owned land ready for subdivision that will be cleared that are not included in the overall results
2. Ecological survey to be undertaken of threatened species both Flora and Fauna with particular relevance to the devastation caused by drought and subsequent fires. Review of shooting licences that have been issued to small farms by the NPWS for culling of up to 250 kangaroos without any species specific survey undertaken
3. Cost benefit analysis of not only tourism versus logging but of the industry returns overall versus taxpayer benefit
4. Review of forestry management practices in regards to clearing limits and pre-clearing ecological surveys and public consultation
