## INQUIRY INTO IMPACT OF THE WESTERN HARBOUR TUNNEL AND BEACHES LINK

**Name:** Ms Julie Hamilton

**Date Received:** 1 June 2021

---

The proposed Western Harbour tunnel will pollute our harbour and damage marine life and the recently restored Dawn Fraser pool.

I was forced to sell my home in Lilyfield because of West Connex so I am well aware of the affect these projects have on suburbs and their residents.

The Rozelle interchange is evidence of the damage done to the Inner West.

Please do not destroy more of our much loved area of Sydney.
