

**INQUIRY INTO IMPACT OF THE WESTERN HARBOUR  
TUNNEL AND BEACHES LINK**

**Name:** Name suppressed

**Date Received:** 2 June 2021

---

Partially  
Confidential

The proposed works at Yurulbin Point, Birchgrove, will disrupt the unique marine environment to a ruinous degree and likely degrade the water quality at nearby Dawn Fraser Baths, impacting the health of residents, particularly children.

The community has not been adequately consulted or even made aware of the extent of the works.

Please review all evidence with impartial marine scientists and unbiased overseas transport experts.

Thank you.
