

**INQUIRY INTO IMPACT OF THE WESTERN HARBOUR
TUNNEL AND BEACHES LINK**

Name: Name suppressed

Date Received: 4 June 2021

Partially
Confidential

The proposed dredging of Sydney harbour / snails bay will have a devastating. Environmental impact to the harbour.... Snails bay is foreground to Sydney's oldest heritage area, wharf road Birchgrove. There must be an independent environment impact analysis undertaken to determine the potential impact to the environment and harbour wildlife and surrounds

We reject the proposed western harbour tunnel as it stands
