**INQUIRY INTO IMPACT OF THE WESTERN HARBOUR
TUNNEL AND BEACHES LINK**

Name: Ms Liz Oliver

Date Received: 4 June 2021

If the tunnel from Rozelle to northern Sydney is deemed necessary, I would like the contractors to consider an alternative route which traverses predominantly under the water of the harbour rather than under homes in Balmain and Rozelle which might be damaged in the tunnelling process. I understand that homes underneath the Haberfield / Ashfield have been damaged during recent tunnelling.
