**INQUIRY INTO IMPACT OF THE WESTERN HARBOUR  
TUNNEL AND BEACHES LINK**

**Name:** Name suppressed

**Date Received:** 13 June 2021

---

Partially  
Confidential

I am opposed to the building of the Beaches Link Tunnel.

I feel this Tunnel will bring not only mental anguish to the Balgowlah & Seaforth residents through 24/7 vibration, noise disturbances, but will leave cracks in our homes. For what? Since the Pandemic, road usage has reduced, there has been no Business case established & NO alternative transport ideas have been given to the community for discussion.

It is a waste of taxpayers resources to go ahead over a period of 7 years with this useless construction - it has no purpose!!! Why construct it? Ego for the Government or Andrew Constance?

There will be utter chaos at the Seaforth interchange with buses, cars & people for years. Not to forget the enormous numbers of workers, their cars, truck transport....
