**INQUIRY INTO IMPACT OF THE WESTERN HARBOUR
TUNNEL AND BEACHES LINK**

I am very concerned about the proposed northern beaches tunnel. In particular I do not think the business case for this project is strong enough compared with other transport improvement options such as public transport expansion. I believe the construction will negatively impact local biodiversity and will cause major traffic congestion and noise for many years. I oppose this project and want the funds to be used instead for public transport expansion in the area.
