## INQUIRY INTO IMPACT OF THE WESTERN HARBOUR TUNNEL AND BEACHES LINK

**Name:** Mr David Murray

**Date Received:** 18 June 2021

---

We (myself and wife) are deeply concerned about future impact on our narrow street as the last three years has seen street construction (digging sewers, drainage, power installation) congestion, traffic hazards, damage to cars, noise and dust.

There has been little traffic planning to protect neighbouring residents from increased traffic and large vehicles disturbing our neighbourhood.

We are also worried about toxic airpollution from stacks affecting community health.
