**INQUIRY INTO IMPACT OF THE WESTERN HARBOUR
TUNNEL AND BEACHES LINK**

Name: Name suppressed

Date Received: 17 June 2021

Partially
Confidential

The proposed northern beaches tunnel will cause years of traffic disruption for residents of the lower northern beaches during its construction, with little to gain from its completion except even more traffic on local roads, especially on weekends, plus untold damage to the local environment.

We don't need it and we don't want it!
