Hello

We own a property of 4.44 acres in the Austral stage 1 precinct Western Sydney. We were rezoned recreation parkland approx 10 years ago but still no acquisition from Liverpool council. Our land is sterilised and we continue to pay rates with no ending in site. This is unfair in fact it borders being illegal to hold us at bay for so long. We insist that we have this matter brought forward for a resolution and ask we are acquired at r2 rates or rezone our parcel like others to R2.
