Confidential

We would like to lodge a complaint regarding the draft plan that impacts Bringelly properties such as ours, which is Kevin Park Drive, Bringelly.

We originally purchased the property on the 18th of December 2020 under the zoning classifying the property as 'mixed use'.

Recently it has come to our attention that there was a draft plan proposed to change the property to an environmental zone and to make our property a soccer field.

As you can imagine this is extremely unfair to us, as the owners of this property as it devalues it. This is especially because we had originally purchased it under a different zoning.

We would like to request that the plan is redrafted so that the environmental zoning is lifted and that it returns back to mixed use, as we had originally purchased it.
