INQUIRY INTO ROAD TOLLING REGIMES

Name: Ms Michelle Beveridge

Date Received: 4 July 2021

I travel from the central coast to western Sydney for work 5 days a week. Travelling on 3 toll roads to get to work each day. I am spending upwards \$50 per day return. As a single parent with a mortgage and supporting a legally blind child the cost to travel is having a significant impact on me financially. Currently I have a debt of \$3200 that I'm required to pay off, this has gone to a third party collecting agency and effects my credit rating. All because I need to go to work using NSW roads, even though I pay registration and am taxed weekly.
