

INQUIRY INTO ROAD TOLLING REGIMES

Name: Name suppressed

Date Received: 4 July 2021

Partially
Confidential

Increased travel on M5 and M8 due to lockdowns and being part of essential services has me spending over 100 a week on tolls just to get to and from work.
This comes at a time when many people are struggling to make ends meet and tolls are going up.
Traveling to see family in the Forster region also costs \$50 return just to get out of Sydney.
M5, M7, M2, North Connex.

These roads have to be paid for and maintained, I understand why we are charged. Why these charges have not been from since early 2020 to help the community is my issue.

Thank you,
