I've lived on my 5 acre property for close to 30 years. I'm happy for me, my kids and grand kids to live on it just the way it is for another 30 years. There is no natural justice or procedural fairness in trying to tax me extra for my own family home. Many people's home values increase for a variety of reasons outside of their control not just relating to zoning. You won't tell us exactly what is happening with our land. You want to make it open space. You may or may not acquire it with no known timeframe. You don't listen to community feedback.

On top of that you wish to take more money from me through this unfair and burdensome tax when you have never done so with anyone else in the same position previously. This is criminal and corrupt.
