

**INQUIRY INTO ENVIRONMENTAL PLANNING AND
ASSESSMENT AMENDMENT (INFRASTRUCTURE
CONTRIBUTIONS) BILL 2021**

Name: Mrs Vera Cranney

Date Received: 4 July 2021

We purchased our property in Rossmore 41 years ago to build a home and raise our family. For most of these years we put up with poor roads, no services, no footpaths, no sewerage, a half an hour drive to the local high school, poor bus service, no nbn and no train line. We did not complain about this as we chose to live here in a quiet rural setting. However it does not seem fair now that the government wants to tax us for services we have never had and will never have or use if we choose to sell our homes. We are only asking for the same fair and equitable rights that everybody else has had in the past. We are just mums and dads that happen to live on 5 acres. Please be fair. Remember that there is a Federal election coming up soon.
