

INQUIRY INTO ROAD TOLLING REGIMES

Name: Name suppressed

Date Received: 4 July 2021

Partially
Confidential

After moving to Southwest Sydney due to price of housing we expected to Payless running costs of maintaining our property. This toll particularly the née M5 is really hurting us and families in Southwest Sydney. We need the government to provide cash cashback or something similar for families in Southwest Sydney where we spend approximately \$2000 in tolls per year. That's \$60,000 on the life of the loan of 30 years.
