INQUIRY INTO ROAD TOLLING REGIMES

Name: Ms Heidi Fiveash

Date Received: 4 July 2021

I'm currently a Covid 19 Frontline Worker my efforts to drive to and from to keep not only myself safe but others from me travelling on public transport.

This is costing me approximately \$25 each way from M5 to Western Motoway with only the relief of a reimbursement from M5.

Most recently I've had to choose public transport in lockdown as I and many can not afford this. Yes I have taken alternative routes but I truly shouldn't have to when the past 2 years I was able to travel on M5 all the way to Oxford Sydney at one cost which I am able to be partially reimbursed now I get charged twice for the exact same route with no changes except speed limits.
