

INQUIRY INTO ROAD TOLLING REGIMES

Name: Name suppressed

Date Received: 4 July 2021

Partially
Confidential

It's simple, we out at South West Sydney use the tolls to go into work. Most don't have option of public transport. We pay such high cost for car rego and maintenance why should we have to also pay so much for tolls, when all we do is sit in traffic. Would pay for better designed motorways but the service your offering is a disappointment.
