

INQUIRY INTO ROAD TOLLING REGIMES

Road tolls are getting completely out of hand now. I spend close to \$2500 a year just to drive to work. Forget about the vehicle maintenance, fuel, insurance, registration etc. This amount is how much I pay TO DRIVE TO WORK. I believe it is completely and utterly disgusting that we need to pay so much to use a road. I hope some changes will come soon. The government needs to step in and do something.
