

INQUIRY INTO ROAD TOLLING REGIMES

Name: Name suppressed

Date Received: 4 July 2021

Partially
Confidential

I live in the Camden District and travel to work 50km each way - 100km round trip without going anywhere else. I use the M5 which is \$4.88 (which I claim cash back) one way plus now an extra as the M8 now joins from King Georges Rd through the Sydney international airport (where I work) get stung an extra \$5.90 (non claimable) for technical the same road and my changes to the airport tunnel I used to travel extra extra toll. So for one day return, it's costing me \$16.68 a day x that by 7 day shifts I work is \$87.48 a week. It is ridiculous and I cannot afford it. I leave 20 minutes earlier most days to avoid the 2nd toll and travel around it...

What can done to stop not only the rise on the toll, reduce the toll or do some kind of relief for my family and I...?.
