I wish to lodge my objection to the XN Environmental Planning and Assessment Amendment (Infrastructure Contributions) Bill 2021 on the following basis My husband and I bought our 2hectare property with his parents in 1997. Therefore giving us both 1hectare, this is a very small landholding This property is our family home I do not believe that anywhere else in NSW that an Infrastructure contributions tax is paid on a family home, therefore I feel that this would be very unfair
