INQUIRY INTO REVIEW OF THE HERITAGE ACT 1977

Name: Name suppressed

Date Received: 4 July 2021

Confidential

I write in reference to the review of the Heritage Act (1977). In particular, I write in response to focus questions 12 and 16.

I believe both questions could be answered by better funding of the heritage regulator, Heritage NSW. At present the number of archaeologists in Heritage NSW is not an adequate number to assess and issue permits, as well as monitoring compliance and enforcement of the Heritage Act.

Kind regards.
