

INQUIRY INTO ROAD TOLLING REGIMES

Name: Name suppressed

Date Received: 4 July 2021

Partially
Confidential

Respected MP,

I am writing to you today to express my dis-satisfaction at the number of tolls that are collected on the M5-M8 motorways. I use this freeway to travel to and from school in Randwick where I work as an educator. It is an undesired expense in the hard times that we are currently facing. If I were to avoid using the motorway, it takes me double the time to travel, which is exhausting both mentally and physically. I pay my taxes regularly for these facilities and should be able to gain some rebate from the tolls. It is becoming increasingly expensive to survive in our current situation and is financially draining us; with a huge home loan and increased rates to basic necessities.

I would appreciate any help given in this situation as we are desperate to survive. Some sort of rebate would be kindly appreciated for us tax paying people.

Kind regards,
