INQUIRY INTO ROAD TOLLING REGIMES

Name: Mr Mehmet Genc

Date Received: 5 July 2021

The new road tolls have taken so much toll on me and my family. After the new additions of tolls on the m5 getting to work and back has taken me from 15 minutes to 45 minutes each way. Not just the time but the amount charged has made me fall behind of about 800\$ in debt to m5 motorway. Since then I have stopped using it extending my travel and leaving earlier then normal to work.
