

INQUIRY INTO ROAD TOLLING REGIMES

Name: Name suppressed

Date Received: 5 July 2021

Partially
Confidential

I travel from Cecil Hills to Botany nightly for work. The rise in costs has resulted in me paying an average of 70.00 per week, the M7 portion or new extension costs are not reimbursed even partially. This has become far too expensive and other modes of transport are not possible given my night shift. This has led to me losing sleep because I need to go the long way around to avoid paying the tolls due to the financial burden.
