INQUIRY INTO ROAD TOLLING REGIMES

Name: Mrs Stephanie Cusack

Date Received: 5 July 2021

We have had to switch to Sydney competition for our children's rugby this year due to lack of numbers in the Illawarra. This has seen us travel all over Sydney, Sydney North and East. When I looked at our outgoings we were having \$100 deducted from our account every fortnight by link roads just for sport. My husband and I do not use tolls for work travel at all. This has impacted our budget in a big way this year. We never thought we would be in a position to maybe claim the NSW rego reduction but we estimate we will now. But that doesn't make up for the amount of tolls we are paying just to access sport for kids.
