To whom it may concern,

I travel the M5 on a daily basis and plus frequent other tolls and find the prices criminal. Anyone that drives already pays registration, insurances and road taxes. Not too mention high fuel prices.

We should not be hit with extra charges , especially the high charges they are charging and being allowed to sneak an extra toll reader in at King Georges rd.

I currently pay \$24 plus daily for a return trip to Botany from Casula. Its just outrageous, especially when you see the profits these tolls are making at the end of financial year.

Im just hoping that this is investigated and addressed.
