INQUIRY INTO ROAD TOLLING REGIMES

Name: Name suppressed

Date Received: 5 July 2021

What happened to paying rego pays for roads? It's absolutely disgusting how much we have to pay in tolls to get around the city. And if U don't pay tolls your paying more petrol and you tax the hell out of that too. How much is enough? When does it stop? The price goes up and up non stop, when does it stop? If you care about people , the community you would be an end to this now.
