INQUIRY INTO ROAD TOLLING REGIMES

Name: Mr Vipul Parker

Date Received: 5 July 2021

Worst city to live in the world for few reasons.

1. Highest ever toll roads, I skip meals everyday so I can use toll road as I have to pick up my daughter from childcare, Govt is greedy and money hungry.

2. Speed camera and mobile camera, not saving single life but making \$\$# millions from who?? Hard working community.

Why the heck don't you go after drug dealer who deals in millions and billions, I can get you 100 dealers in each suburb, leave common people who are already struggling to support their family and mortgage.
