## **INQUIRY INTO ROAD TOLLING REGIMES**

**Name:** Mrs Leanne Bullard

**Date Received:** 6 July 2021

---

As a long term user of the M5 and the M5 Tunnel to access work. My toll fees have increased \$70 a week since the introduction of access to the new M8

The M8 provides no benefit to me and my travel has not changed I still travel on the same road and the same tunnel that I have used for years, only now I'm being charged \$14 a day to use it.

This has forced me to travel a different route as I can't justify \$14 to travel such a short distance and on road that is the same as it was 2 years ago.
