INQUIRY INTO FLOODPLAIN HARVESTING

Name: Mr Patrick Macken

Date Received: 12 July 2021

My name is Patrick Coombs Macken

I am writing because the coalition government's mismanagement of water in NSW is unacceptable. The town of Wilcania has a life expectancy for males of 37. I encourage you to go to Wilcania and talk to the locals about why that is. They will tell you it is because the river has completely dried up. It's time to put the lives of people above the greed of wealthy cotton farmers.

By the way to the National members I know you won't listen to me or anyone else pleading for you to show some decency. I just thought I would remind you that greed is one of the seven deadly sins. As a Christian I pray every day that Hell exists so that you get what you deserve.
