

INQUIRY INTO FLOODPLAIN HARVESTING

Name: Name suppressed

Date Received: 13 July 2021

Partially
Confidential

We need to investigate the potential and very evident corruption of the National Party that has led to the complete mishandling of this 'Floodplains Harvesting'.

We need water to survive. Not just cotton farmers. This is Australian waters, not for foreign investors and certainly not for the National Party to dish out to whoever gives them the most money.
