INQUIRY INTO FLOODPLAIN HARVESTING

Name: Miss Emily Pritchard

Date Received: 15 July 2021

More needs to be done to ensure the viability of Australia's ecosystems. Viewing ecosystems and their elements as commodities is not sustainable. We need to protect, enhance and support ecosystems such as this - Australia is the driest continent on the world, what are we doing?? I'm ashamed everyday to be Australian the embarrassment and ignorance bracing our government is shameful. We need to wake up
