

INQUIRY INTO FLOODPLAIN HARVESTING

Name: Mr Nils Hobiger

Date Received: 16 July 2021

Dear NSW Parliament

The atrocity and corruption that is floodplain harvesting is destroying communities, ecosystems and my faith in any sort responsibility and leadership in The Nationals.

It is unbelievable what has transpired and the attempts to silence any who expose it such as Friendlyjordies.

Floodplain Harvesting must be made illegal. Thankfully now the public is learning and watching so perhaps now we may have some accountability.

Do the right thing and stop selling our country to the highest bidder.

Cynical regards,

Nils Hobiger
