**INQUIRY INTO CRIMES AMENDMENT (DISPLAY OF
NAZI SYMBOLS) BILL 2021**

Name: Sam Cannuli
Date Received: 2 December 2021

Dear commitee.

I find political party slogans and how to vote billboards far more offensive than Nazi party slogans and posters.

The Nazi party is a part of history and you cannot ignore history.

To ignore history is foolish and discriminatory as well as a form of censorship.

There are far more important issues to resolve than wasting taxpayers money on frivalous nonsense.

Wake up and be responsible
