

**INQUIRY INTO GREATER SYDNEY PARKLANDS TRUST
BILL 2021**

Name: Name suppressed
Date Received: 13 December 2021

Partially
Confidential

NSW parliament has the chance to do something great for the people of Western Sydney, for biodiversity in Western Sydney and most importantly for the environment, especially global warming, in Western Sydney. Please do not allow our parklands become another pawn to be abused by commercialising this incredibly special resource. On a daily basis I enjoy the beauty of Parramatta Park. I count the birds, admire the native blooms and watch the insects, Parramatta is blessed by this beautiful parkland with minimal commercialisation. Please keep it this way.
