**INQUIRY INTO GREATER SYDNEY PARKLANDS TRUST  
BILL 2021**

**Name:** Ms Zena Davies  
**Date Received:** 26 December 2021

Parklands should be for public use for recreation and to enhance physical and mental health.  
There is already far too little green space left for public use in Sydney.  
There should be no loopholes or leeway for commercialization or privatization or for developers to take over the few parklands we have left.  
The only thing a bill about Parklands should be advocating is for Councils to maintain and upgrade green space for public use. Parramatta's heritage sites in the Park should be protected.  
Trees and green space are proven to be beneficial for health and wellbeing so a healthy environment should be available to all.

Yours sincerely  
Zena Davies
