

**INQUIRY INTO GREATER SYDNEY PARKLANDS TRUST
BILL 2021**

I oppose the bill. It seems the government can give use something and then take some back.
Please leave Callan Park alone.

Please let the local Council decide the future with consultation from the people.

Please let the people of Rozelle and the wider community have open space

Please keep the developers out of Callan Park. We have an opportunity here for terrific open space.

Rozelle and surrounding areas have been through a lot with Sydney Metro, WestConnex and the preparation for the Western Harbour Tunnel and now you want more say for Callan Park.

It is disgraceful that citizens have to fight for years and years and then you give them something and then want to wind it back.

I have always voted liberal but not any more. Not that I think labour is any better. I will be voting for independents in future.
