**INQUIRY INTO GREATER SYDNEY PARKLANDS TRUST  
BILL 2021**

I strongly oppose this unjust and unfair Greater Sydney Parks Proposal. Especially during these pandemic times (and we might have various strains for decades to come), we need the tranquil green trees and parks to restore mental health and remove anxieties and despair, when so many families are struggling to put food on the table, so many people unemployed due to this virus that has shut down so many medium and small business especially in the hospitality industry ... there is no heart or care coming from politicians who only care about themselves and the kickbacks they will be getting from their developer mates.
