## **INQUIRY INTO ANIMAL WELFARE POLICY IN NEW SOUTH WALES**

**Name:** Mr Luke Brown

**Date Received:** 12 January 2022

---

This bill goes way too far in its proposals. Including hunting in any form in a animal welfare reform bill is completely ridiculous. Besides the implications of turning good people into criminals, which this will do. The effects on agriculture will be massive. This should never have reached this far in the parliamentary process. Shut it down now. I'm am against this bill.
