

**INQUIRY INTO ANIMAL WELFARE POLICY IN NEW
SOUTH WALES**

Name: Name suppressed

Date Received: 20 January 2022

Partially
Confidential

The main point of the legislation I have issue with is against artificial insemination. To access genetic diversity which is key to preventing inbreeding and the subsequent negative health affects on dogs particularly working dogs eg for farms, police force, army and then finally pet breeds. I am completely for the welfare and protection of animals but this part of the legislation doesn't take these points into account.
