I am very disappointed that Milperra Campus will be demolished to make way for housing, it is a fantastic facility, easy access to transport, lots of green space and already has wonderful accomodation for interstate and regional students. This must be addressed, it's such a waste of resources in this day of recycling to demolish it all! A colossal waste of money for housing, it's the height of greed. To relocate to a vertical building with no green space, parking or facilities is beyond belief.

Thank you for your attention, I hope someone comes to their sense on this issue.
