**INQUIRY INTO PLANNING AND DELIVERY OF SCHOOL  
INFRASTRUCTURE IN NEW SOUTH WALES**

My son attends Gillieston Heights PS and the school needs well deserved upgrade, the area in the next 5-10 years is set to double in population and the schools facilities are of a standard from 1970's the toilets have to be drained which in summer the children are experiencing third world conditions and the school hall is an embarrassing size and the class rooms are all demountable... its 2022 not 1970. I urge the NSW government to get there act together and look after its citizens of NSW and especially those who are the future voters.
