

**INQUIRY INTO PLANNING AND DELIVERY OF SCHOOL
INFRASTRUCTURE IN NEW SOUTH WALES**

Name: Name suppressed

Date Received: 11 February 2022

Partially
Confidential

With the schools population growing rapidly over the recent years, there has been no adjustment to accommodate parents parking.

I suggest a kiss and ride section and make use of the vacant block to build a car park or make use of it somehow to help flow of traffic.

The toilets in the school need to have better toilet paper as children will hold on until they get back home again to go to the toilet, because the toilet paper is so thin and they also smell badly even with regular cleaning.

There needs a bike/scooter rack so the children can ride/scooter to school and lock up their bike/scooter.

There needs to be a crossing on North view Street with a crossing guard, either a teacher each school zone crossing time or paid guard.

The canteen needs to be open 5 days a week from either paid or volunteer persons.
